How you look

This year, every year, there is good reason for self couture. Clothes and especially hats designed under your direction, made to your order . . . Hats with every stitch where and how you want it. A hat really yours, that has your personal signature, from basic materials to just right trimming—from your or our materials. \$8.50, up—

Or perhaps you have an out-moded chapeau you would like a hand in restyling into an up to the minute fashion.

FOREWORD

The purpose of the Dee Cee Directory is to provide accurate information on business, professional and social activities of Negroes in the Nation's Capital. Specifically, it is a classified survey of independent, economic enterprises, large and small, owned and operated by Negroes; a ready reference for the person in need of professional advice and guidance, scientific and technical assistance; a finger-tip guide to what goes on and where in Washington's social and amusement world. It is not to be classed solely as an advertising medium, but more of an informational guide to the person who may one day venture into business. It can be of inestimable value to the traveler.

No attempt has been made to embellish or adorn this Directory; nor to glorify any one individual or group of individuals over another. Except as indicated otherwise, everything contained in this book is paid advertisement.

It is our hope that this Directory will be used as readily as the Washington Telephone Directory, particularly when specialized information of the kind contained herein is needed. Keep it where it will be accessible at all times. Its value can only be estimated by its wide use and sponsorship of all Negroes in business, the professions and social groups to which end we have dedicated our efforts.

WHAT IT IS

The National Urban League, organized in 1910 with headquarters in New York City, is a social service organization for the improvement of living and working conditions among the Negro population and for increasing cooperative and understanding relationships between white and colored Americans. It coordinates and supplements the work of 56 local Urban Leagues established in 29 states and the District of Columbia.

The Washington Urban League, established in 1938, accepts the basic program and objectives of the parent organization, but adapts methods and activities to the specific needs of the Washington community.

WHAT IT IS

As a professional social service agency, the Washington Urban League works for:

- (1) Better jobs for Negro workers and more adequate training therefor;
- (2) Decent housing and health conditions;
- (3) Sound educational and recreational facilities as a promotion of wholesome family life.

THE NATIONAL COUNCIL OF NEGRO WOMEN

1318 Vermont Avenue, N. W.
Columbia 4491

The National Council of Negro Women, organized in 1935 by Mary McLeod Bethune, is composed of 22 national women's organizations, 52 metropolitan councils and life members all totaling 800,000.

Its slogan—Unity of Purpose, Unity of Thought, Unity of Action.

Its purpose — The integration and participation of Negro women into the political, economic, educational, cultural, and social life of their communities and into a similar comprehensive program for the womanhood of America and the world.

Headquarters available for interracial gatherings such as discussion groups, meetings, forums, etc.

Membership of the National Council of Negro Women is open to women of all races.
